Mr Simon Hudson

Dear Mr Hudson,

Re: MANSW Teacher Education Student Prize

The Mathematical Association of New South Wales (MANSW) is the professional association for mathematics educators in New South Wales. MANSW recognises outstanding student teachers of mathematics by awarding prizes to final year student teachers in each teacher training institution in the state. The recipients of the prizes are decided by the staff of the relevant faculty in each institution.

It gives me great pleasure to inform you that you have been awarded the prize as the outstanding Secondary student teacher at the Australian Catholic University, in 2005. In making this nomination, staff at your university said "Simon has excelled in all aspects of the Graduate Diploma in Education. In mathematics, along with his extreme enthusiasm, he has shown great innovation in work submitted, performed exceptionally in the classroom and contributed to the overall dynamics of the class. Simon has the potential to do quality post graduate work."

Your university will be contacting you soon about presenting you with a certificate as part of this prize.

In addition to the certificate, your prize consists of Membership of MANSW for 2006 (valued at \$95), and MANSW publications to the value of \$50. A membership form is enclosed. To accept the prize, please complete your personal details on the membership form and return it to the MANSW office. No payment is required unless you wish to subscribe to any publications in addition to the newsletter and journals that you will receive as a member. I have also enclosed a publications order form so that you can choose the publications you wish to order. You only need include payment if your order (including postage) totals more than \$50. Please include the second copy of this letter with your membership form when you send it to the MANSW Office, so that the office is aware that you are a winner of this prize.

Congratulations on being awarded this prize. Welcome to the professional community of mathematics educators. I hope that you find your membership of MANSW rewarding in your first year of teaching, and that you will remain a member of the association throughout your teaching career. I look forward to meeting you at one of our activities.

Yours sincerely

(Ms) Holly Gyton,
President, MANSW
9th March, 2006.

Cc. Assoc. Prof. Paul White,
School of Education, ACU,
25a Barker Rd, Strathfield NSW 2135.
